HOLIDAY HOMEWORK
SESSION 2021-22

**EDUCATION
gives you
wings to FLY.**

Dear Parents ,

The summer vacations are here. We are all in a new normal situation and I hope you and your family are safe and healthy as you read this message. Thank you so much for your patience and understanding. Virtual online classrooms have arrived and at JIS learning is in full motion. Our goal is to provide continuous educational opportunities and practice for students.

We have designed work to be done during holidays for our students keeping in mind the present situation. One of our main focus point for our students has been inculcation of a “growth mindset”. A growth mindset unlocks our ability to learn and grow especially during challenging times. Because of this experience and our growth mindset, I believe we all will be stronger when we come out on the other side of the COVID-19 Pandemic! History is being written! We hold the pen! Together, we will write the BEST story for our children!

“Each child is an individual and must be allowed to bloom, express his feelings and ideas.” My Dear Parents, spend time listening to your child, sharing household chores, playing, laughing, exercising, relaxing and above all praying to the power you believe in.

Summer Goals

- Start your day with gratitude prayers.
- Exercise and meditate daily to stay fit and energetic.
- To bring discipline in life, assign a permanent work place and set your work routine.
- Practice good manners. Use magic words like “Sorry, Thank you, Please “.
- Assist your mother in small household tasks like dusting, filling water bottles etc.
- Listen and narrate moral stories.
- We have designed some fun filled activities for Kids.
- Encourage your child to do them independently and neatly under your guidance.
- Use the resources available at home to do the task.
- Practice reading and writing every day.
- Make one daily notebook in which writing can be done and observations can be written.
